BATTERY POINT DISTILLERY HOBART TASMANIA

BRAND INTRODUCTION

Founded in 2018, Battery Point Distillery was born from a passion for Tasmania and the respected traditions of craft whisky distilling. A small stone building in Hobart's historic Battery Point contains a treasure trove of small batch, hand-made whiskies slowly ageing in a collection of carefully sourced sherry, tawny and bourbon casks.

Double distilled in 60L quantities, initially by our pioneer Jack Lark, son of The Godfather of Australian Whisky, Bill Lark, and now Luke Lawrence taking the reins as Head Distiller, each whisky batch will be of a consistent high quality. With the nuances of single, double or triple cask ageing coming to life under the watchful eye of our master blender Louis Duckett, our trademark style allows whisky lovers to experience exceptional contemporary expressions of Tasmania. Complexity, maltiness, balance, harmony

BATTERY POINT DISTILLERY HOBART TASMANIA

BRAND USP

Battery Point Distillery finds its home at Lenna, a grandiose mansion built by seafaring merchant Alexander McGregor which has overlooked Hobart's docks for close to 150 years, standing as a reminder of the flurry of whaling, trading and shipbuilding prosperity that swirled around Hobart in the mid 1800s. At one point the McGregor's laid claim to the largest individually owned fleet south of the equator. From the glorious hand-carved sandstone walls to the ornate balustrading, understated elegance and quality rein here.

BLACKMANS BAY DISTILLERY

TASMANIA

BRAND INTRODUCTION

Our Tasmanian family owned and run micro-distillery in Blackmans Bay specialises in Gin and Rum. We pride ourselves by producing truly artisan products, making spirits in their entirety, in house from start to finish.

We ferment Australian sugar to make the base spirit, which provides a unique, smooth complexity and a delicious sweetness. Our range of gins is then curated using local fresh botanicals that complement our signature base spirit, before being cut to strength with pure mountain water.

A Tasmanian artist created a unique image for our gin label and brand. More recently we worked with a Tasmanian tattooist to create an exquisite label image for our imminent first rum release.

We showcase our deep-rooted connection to the wild and wonderful landscape of Tasmania in our product photos in and amongst the breathtaking Tasmanian landscape. We have also recently been approved to use the Tasmanian mark on our packaging by Brand Tasmania.

BRAND INTRODUCTION

Overlooking the rocky outcrop of Hellfire Bluff on Tasmania's rugged south east coast, you'll find Daly Farm and the home of Hellfire Bluff Distillery. The Daly's planted their first potato crop here by hand over 30 years ago and now supply potatoes to major supermarkets and independent retailers throughout Tasmania – not your usual distillery origin story. But when the family followed their dream to produce unique spirits and chased their passion to value-add to the potatoes grown on their farm, Hellfire Bluff Distillery began; launching in 2017 with their premium Potato Vodka. This traditional style spirit remains one of the few vodka's in Australia to be made from potato and it was awarded Best Australian Varietal Vodka at the World Vodka Awards in 2022.

As their passion for producing premium spirits grew, so did the Hellfire range - expanding to include small batch Tasmanian Gin's (London Dry, Summer Floral Gin and Piquant Herbal Gin), sought after Liqueur's (Sloe Gin, Coffee Liqueur, Salted Caramel Coffee Liqueur and Limoncello), canned Gin & Soda and cool climate Tasmanian Rum.

BRAND USP

All products are made with a focus on quality ingredients and using pristine local Tasmanian rainwater that is collected on the farm. Along the journey, Hellfire has received recognition at prestigious competitions on the national and world stage with 42 medals to date across the range, 17 of these gold, including the title of Australia's Best Contemporary Gin at the 2021 World Gin Awards for Summer Floral Gin.

BRAND INTRODUCTION

Proudly Tasmanian owned and operated, the entire Johnno's Tasmania range is produced in Southern Tasmania. Founded in 1991, like so many other Tasmanian businesses Johnno's Tasmania is based on entrepreneurial spirit and a belief in fresh Tasmanian produce.

More than 30 years on although Johnno's Tasmania has grown significantly from our humble beginnings now with a product range of 20 lines, we remain true to our values of delivering quality home style pantry staples.

Our 'Make Your Own Sauce' Saucemaker for homemade chutney, sauce, pickles and relish has proven a popular favourite with dedicated home cooks, praising it as a quality alternative for the discontinued 'Ezy Sauce'.

We support local producers and our jams, sauces and condiments are made using the finest seasonal ingredients.

RANGE LIST

PRODUCT NAME	DESCRIPTION
Tomato Sauce	A Johnno's Tasmania icon and staple alongside a BBQ, meat pie or hot chips, we utilise the best sauce tomatoes available, always from local suppliers, to make our popular and versatile tomato sauce.
Spicy BBQ Sauce	Country style BBQ sauce with a spicy kick, this is a truly versatile pantry staple suited to a range of uses in the kitchen as a marinade, baste, or condiment to add a rich depth of flavour to grilled meats and vegetables.
Worcestershire Sauce	Tassie style Worcestershire Sauce made with ripe tomatoes and Tasmanian apples from Lucaston Park in the beautiful Huon Valley. Great for Kilpatrick Oysters, crispy pork or a flavoursome addition to a savoury breakfast.
Tomato Relish	Homestyle tomato relish made with locally sourced vegetables and Huon Valley apples also enjoys a hint of cayenne for added flavour. A delicious addition to BBQ meats and hamburgers or as a side condiment for savoury pastries or pies.
Tomato Chutney	One of our bestsellers, thick and delicious Johnno's Tasmania tomato chutney is slow cooked, simmering away to allow the combination of local tomatoes, Huon Valley apples and a blend of spices achieve a rich depth of flavour.
Green Tomato Pickle	Delicious with a simple cheese and cracker, or to elevate the humble ham and cheese toastie, Johnno's Green Tomato Pickle is an old fashioned favourite that is a must have addition on any Ploughman's Plate.
Raspberry Jam	Plump Tasmanian raspberries from the farm gate make for a moreish jam perfect for use in baking, served atop scones with cream for a delicious afternoon treat or simply thickly spread across a piece of toast.
Apricot Jam	Fresh Tasmanian apricots add a subtle flavour to this product, equally at home on a cheese board with a soft camembert or atop a scone with jam and cream, our apricot jam is an old fashioned favourite.
Strawberry Jam	Sweet and juicy Tasmanian strawberries delivered to our kitchen from a local berry farm make for thick decadent jam that is delicious spread on a piece of fresh bread or as a sweet treat with scones and cream.
Orange & Lemon Marmalade	Made with Australian citrus, our Orange and Lemon Marmalade is a tangy spread. Perfect served on toast along with a pot of tea for a traditional English breakfast, or delicious during the festive season as a glaze on Christmas ham.

BRAND INTRODUCTION

Established by brothers Matthew and Jonathan Hughes in 2011, Mewstone sits on the banks of the D'Entrecasteaux Channel. Mewstone wines are made solely from fruit grown on our own vineyard in Flowerpot. These wines are intended to represent place and season. Every care is taken in through the growing season to bring the highest quality of fruit to harvest. The winemaking is aimed at harnessing the strengths of our site.

In addition to Mewstone, we proudly produce wines under the hughes & hughes label, showcasing Jonathan's winemaking prowess. These wines seek to champion varietal expression. We seek to add texture and complexity but not at the expense of enjoyment and purity. The winemaking can be a little experimental and playful. We hope these wines are enjoyed over and over again from day one.

BRAND USP

A true Tasmanian business created by two brothers who cherish honesty, creativity, and excellence. Guided by nature, we capture Tasmania's varied terroir in every bottle, setting new standards while staying true to tradition. With a deep commitment to quality, each vintage tells a unique story, inviting you to savor the journey with loved ones.

BRAND INTRODUCTION

Sanyou is a Tasmanian made Baijiu (Chinese white spirit). Founded in 2020 in Launceston, Tasmania, Sanyou makes the first and only traditionally made and clay pot aged baijiu that is 100% made outside of China. The baijiu made by Sanyou combines the traditional baijiu making methods learned in China with the pure grains and water of Tasmania.

A bottle of Sanyou tells the story of China and Australia, and is made to be shared.

BRAND USP

Sanyou is the first and only baijiu which is 100% traditionally made and clay pot aged out side of China. A bottle of Sanyou tells two great stories; the story of the purity and uniqueness of Tasmania, and the story of Chinese tradition and culture. Sanyou stands alone in the spirits industry and is a truly one of a kind spirit from Tasmania.

SPRING BAY

DISTILLERY

TASMANIA

BRAND INTRODUCTION

Established in 2015, Spring Bay Distillery is a family owned and operated distillery on Tasmania's pristine East Coast. Spring Bay Distillery makes award winning single malt whisky, gin and vodka. The influence of Spring Bay's 'terroir' occurs mainly through the water used in the distillery. The location of the distillery is less than 500 metres from Spring Bay.

BRAND USP

Spring Bay's spirits are ultra smooth, with great complexity and a luscious mouthfeel and a clean finish. The creaminess of the whisky comes from the use of exclusively only Tasmanian malted barley (unpeated) and the design of the spirit still gives an oiliness that increases the flavour profile of all the spirits including the gin and vodka. The use of pure rainwater drives a clean finish.

BRAND INTRODUCTION

Founded in March 2018, Summerleas Distillery Tasmania is proudly owned and operated by Sarah Gunn, a 7th generation Tasmanian. Summerleas Distillery is the start of a family dynasty, a daring dream to leave something of value for the next generation to build upon. Summerleas is based in a valley between the foothills of kunanyi / Mount Wellington and Storm Bay in Southern Tasmania.

Our Gins are meticulously handcrafted with the finest botanicals, using renewable energy and some of the cleanest air and purest water available anywhere in the world.

Each gin tells a story and we have lots of stories to tell... from a botanist naming the local plants and sending a Tasmanian Tiger back to Queen Victoria; from showdowns with bush rangers and surviving prohibition... how a sole parent of 6 kids decided to risk everything to start a distillery... and how we grow our own juniper...

BRAND USP

Summerleas Distillery Tasmania make a traditional, juniper forward gin using a one-shot distillation method. Powered by renewable energy and crafted using the latest technologically advanced still, every aspect of our operation is curated to minimize our environmental footprint. Incorporating our home grown juniper and citrus with the worlds finest botanicals, we produce balanced, full bodied and three dimensional gins.

Summerleas Gin... for Adventurous Spirits.

Tasmanian
Lavender
Company

BRAND INTRODUCTION

Our lavender is grown in the picturesque South East of Tasmania. We are a sixth-generation farming family and have worked to continuously diversify what we do to allow future generations to follow in our footsteps. Our decision to include lavender as part of our wider farming operations back in 2010 was due to prolonged drought in the region at that time.

We now produce over 12 different varieties of lavender all grown for their specific end use. We have our café, essential oil distillery, handmade product range and gardens at Port Arthur and a retail outlet located in the heart of the historic Richmond Village.

Our lavender is all hand harvested, hand distilled and our unique range of lavender products are handmade. We are passionate about Tasmania and the amazing produce it generates and feel privileged to be playing a part in a vibrant and positive future for farming families.

Tasmanian
Lavender
Company

BRAND USP

Our lavender is hand harvested, hand distilled and our large range of products are all hand made. We grow our lavender varieties specifically for their end use utilising the plants best characteristics including, colour, taste, stem length, oil production, flower size or camphor level. Each variety is selected and used in our range of lavender products to showcase the different cultivars strengths.

BRAND INTRODUCTION

Taylor & Smith Distilling Co. is an independent artisan distillery in Hobart, owned and run by Natalie and Ben. We experiment with Tasmanian botanicals and carefully craft our base spirits to synthesise the Tasmanian landscape and write out the stories of place.

The scale of the season is compressed in Tasmania so you get an intensity of flavour in our botanicals. The air is phenomenal and the water that feeds directly to the distillery comes from a lake of snowmelt at Mount Field National Park. When we first started making spirits we'd take around little jam jars of gin and leave them on our neighbour's doorstep. People would turn up on a Friday night home from work and find a jar of gin. In reciprocation they would turn up at our place with lemons, quinces, cumquats or other botanicals they were hoping would feed back into the gin.

Along with experimentation, another defining characteristic of our process is our focus on the handmade. We don't have any automated systems. It's come from the heart. We love to bring people together through our spirits, and small things that are beautiful in the right place can enhance a moment.

BRAND USP

Through our independent artisan distillery, Taylor & Smith Distilling Co. leverages unique Tasmanian ingredients and botanicals at every stage of production to create a portfolio that stands out not only for its award-winning quality but also for its connection to the Tasmanian landscape. When it comes to crafting exceptional spirits, every detail matters. We take great care in every step of the process, from selecting the finest ingredients to waxing our bottles by hand; we're proud to share our meticulously crafted spirits with you.

PRODUCT NAME	DESCRIPTION
Tasmanian Single Malt Whisky	Single malt, single cask made from Tasmanian barley at our distillery and aged in the best barrels.
Gin	Evenly balanced, complex and aromatic. We distill our distinct small-batch handmade gin using Huon Valley pink lady apples to form our uniquely crafted Eau de vie. apples, Kunzea, Kombu and leatherwood honey
Dry Gin	The fresh spirit of Tasmania's ancient Huon Pine, iridescent abalone shell and pristine water; a nod to a London Dry and perfect in a martini.
Honey Gin	A special collaboration between forager-chef Analiese Gregory, her honey bees and us. Waves of musk dance around the paperbark. Distinct florals leap out first before the bush honey brings reminders of the native plants the bees have visited, layers of myrtle and bottlebrush. The wax smooths, rounds, and offers plenty of lush texture, finishing with a hit of juniper to remind you it is very much a gin.
Barrel Aged Gin	A gloriously silken nectar imbued with buttery spice. Our first foray into barrelling your favourite gin, savour it on the rocks, or moreish in a Gin Old Fashioned.
Sloe Gin	Our unusual ingredients give our Sloe Gin a distinct and velvety, indulgent drinking experience - fruity with the right amount of sweetness. Try on the rocks, with tonic or in a Sloe Gin sour!
Army & Navy	Citrus and almond Gin sour.
Dirty Martini	Salty brine and Dry Gin
Negroni	Bitter Italian classic
Hanky Panky	Bitter sweet Gin martini

The brand is a vessel to cherish Australasia's natural beauty, and the skilled producers crafting downright delicious drinks from this magical southern terroir.

5% of Net Sales are reinvested into the natural environment which inspires our work.

Launched in Hobart in 2023, with the "Tasmania Collection", Uprising Glassware experienced explosive growth within the State. After introducing the brand at the AGHA Gift Expo in Sydney, the collection will be hitting shelves across VIC, NSW, and QLD by June.

We are now excited to announce both our "National Icons" and "Aotearoa New Zealand" collections, which will be unveiled in August, propelling our innovative glassware into an international market.

UPRISING[™] GLASSWARE

BRAND USP

Uprising Glassware elevates local drinks with a visual celebration of the spectacular landscapes that make our island homes so special.

Here's how we Raise a Glass to the Wild:

Unique and Eye-catching - Most common phrase from customers is, "I've never seen anything like this!"

Positive Impact - celebrating and supporting environmental initiatives

Functional Art - Beautiful keepsakes that will be used and treasured for countless years.

Travel Ready - Strong & lightweight Borosilicate Glass, packed in compact travel tubes.

TRAVEL RETAIL BOOTCAMP

getting your brands into airports

The Mercurius Group is running a "bootcamp" for Tasmanian brands to educate them on how to get their brands into airport and travel retail, stay there, and take on international markets through the airport/travel retail channel.

The Tasmanian Travel Retail Bootcamp, getting your brands into airports, is an opportunity for brands to hear from Industry experts and gain invaluable insights that will help them enter into and benefit from one of the most important retail channels in Australia from a brand building and sales perspective.

The key benefits of attending for Tasmanian brands:

- Get up-to-date on major upgrades happening at Hobart & Launceston airports
- A chance to meet the buyers and potentially get listed with key retailers at TAS airports
- A chance to learn about the travel retail channel in Australia and beyond
- Understand the financial and other requirements to get listed in travel retail
- Understand the brand and sales potential of the channel
- A chance to meet key service providers like promoters that can help them succeed once they get there
